

【Model:C1074S-DS/R40】

New model patent No.:ZL201621399991.6

General Info

Waterproof:

- 1.The circuit is closed of the whole lights body by silica gel;
- 2.Ingress protection IP66.

Configuration:

- 1.Optional diffuser shape: Diamond shape and crystal round shape;
- 2.Small and delicacy to replace the traditional fiber light, to create brilliant effect;
- 3.Customizable qty of serial connection for sky light, easy for installation.

Installation: Spring clip recessed installation, easy for installation.

Control: 16.7 million lighting effects of RGB color changing, achieve synchronization, chasing, flowing light effects, DMX512 compatible

Application: Suitable for atmosphere lighting of indoor and outdoor place such as star hotel, bar, subway station, shopping mall and cinema etc.

Technical Parameter

Model	C1074S-DS/R40
Single LED Wattage	0.2W(single color) 0.25W(color changing)
LED lifespan	50,000 hours
LED type	SMD
LED quantity	1 pcs
LED color(single color)	Red/Green/Blue/Amber/White/Neutral white/Warm white
LED color(color changing)	3 in 1 RGB, 4 in 1 RGBWH, 4 in 1 RGBWN
Beam angle	120°
Housing/Cover	Imported PC material with anti-UV& anti-aging resistance
Power input	DC 12V
LED driver	60mA constant current driver(single color); 20mA constant current driver(color changing)
Power consumption	0.5W
Ingress protection	IP66
Classification	III
Power cable/Signal cable	2*0.75mm ² Flat rubber cable(single color); 3*0.75mm ² Flat rubber cable(color changing)
Control	DMX512(1990)
Ambient operating temperature	-20°C~+55 °C(Ta+10°C)
Net weight	0.13KG

Dimension(mm)
